This rate is subject to change and is based on current rates provided by the security company. A **separate** payment is required for security services. For events where security is required, security service will be scheduled consecutively from the time event begins (excluding setup) until the User has finished clean-up and vacated the facility. Security is required at a ratio of one guard for events up to 100 people; two guards for 101-300 people. The number of security required at events with more than 300 people will be at the discretion of the Facility Coordinator.
