

CALTRANS Project ON6003--Pavement Rehabilitation
Valencia Avenue/Carbon Canyon Rd. to Brea Hills Dr. (SR 142)
Estimated March, 19, 2018 – Late August 2018

Summary

- Pavement Rehab along Valencia and SR 142 (Carbon Canyon Road).
- Estimated Start work on March 19, 2018.
- Estimated Completion in late August 2018.
- Per Caltrans, beginning in May: Temporary, intermittent Traffic Control with detours will be required for the duration of the Project. Please expect delays and plan for alternate routes.

Project Information

This Caltrans project will remove and replace existing Asphalt Concrete (AC) pavement with new AC and Concrete Pavement beginning at the intersection of SR 90 (Imperial Highway) and Valencia, to Brea Hills Drive on SR 142 (Carbon Canyon). The project will also include replacement of ADA (American Disability Act) ramps.

Temporary Traffic Control with Detours will be required beginning in April for the duration of the Project with detours beginning May 5, 2018. Please expect delays and use alternate routes.

- Traffic Control—Detour signage and portable message sign will be implemented.
- Valencia North Bound from SR 90 (Imperial Highway) will be closed for six Saturdays starting on May 5, 2018 (8 a.m.- 6 p.m.) and ending June 2018 to remove the entire AC surface and replace with Concrete Pavement on the #2 lane (closest to the curb) and AC on the #1 lane (closest to the median).
- Kraemer Blvd. will be used as Detour around Valencia.
